& **PALLET**
INDUSTRY

Automatic nailing line with continuous cycle system for medium and long series.
System with 2 hydraulic nailing machines.

Yüksek kapasiteli üretim için sürekli çevirim sistemli otomatik hidrolik palet çift çakım hattı.

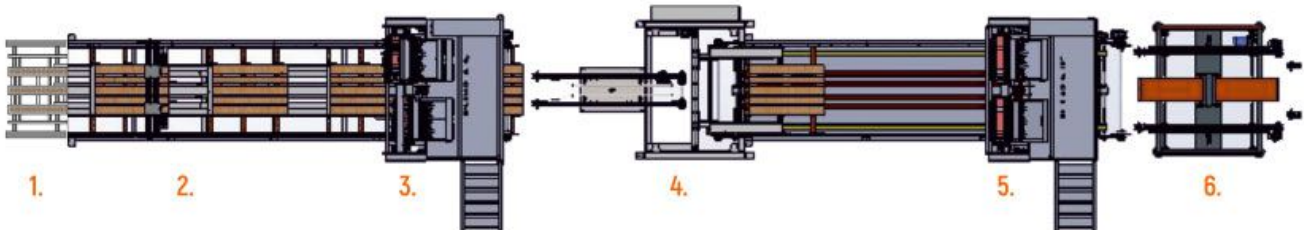

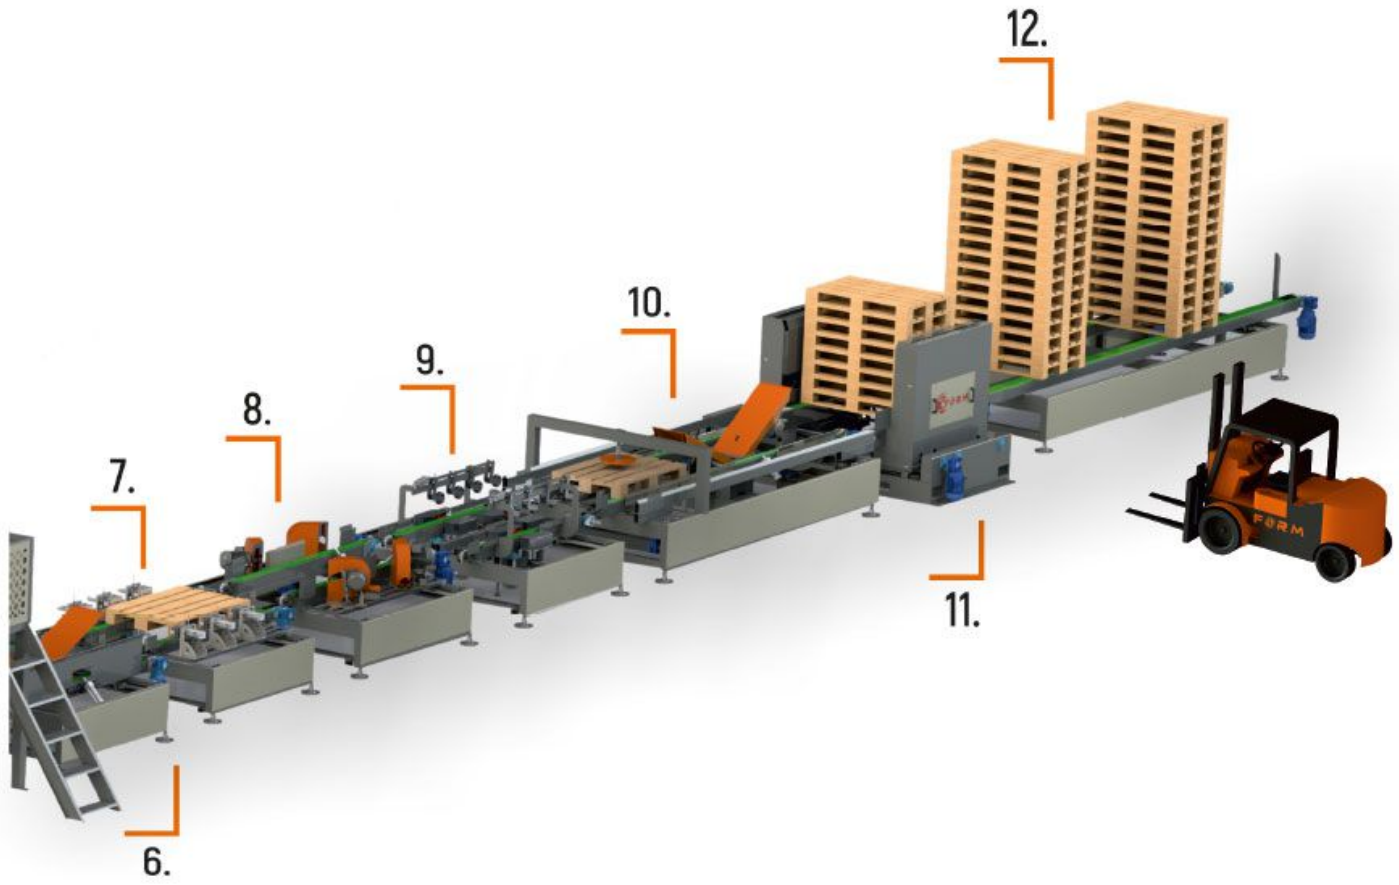

1. Block feeding
2. Board feeding
3. Pallet nailing (upper)
4. Pallet Turner GR (180°)
5. Pallet nailing (bottom)
6. Pallet Turner FL (180°)

- Takoz besleme
- Tahta besleme
- Palet üst çakım
- Takla atma GR (180°)
- Palet alt çakım
- Takla atma FL (180°)

7. Block marking
8. Corner cutting
9. Board Chamfering
10. Turning (90°)-Rotation (180°)
11. Pallet stacking
12. Unloading station

- Takoz markalama
- Köşe kesme
- Pah alma
- Döndürme-takla atma (180°)
- Palet istifleme
- İstif boşaltma

EURO- and different Block Pallets
(EUR/UIC 435-2, EPAL).
US-Stringer, CP-Pallets and more ...

Specifications / Özellikler:

Nailing capacity

Çakım kapasitesi:

Palet sizes	Palet ölçümleri	: Min 800x1000mm
		: Max. 1200x1400mm

Speed

Hız:

Pallet nailing speed	Palet çakım hızı	: 10 seconds per pallet / 1 pc.
Line processing speed	Hat işleme hızı	: 5-6 pcs./min-dk.

Power

Güç:

Total Power	Toplam güç	: 97 kW [Full line]
Operators	Personel sayısı	: 4+1 [Forklift driver]

*Complete data sheets of machines, will be available only at official offer.

*Makinelerin tüm teknik detayları, yalnızca resmi tekliflerde sunulur.
